

MOBILE SIGN

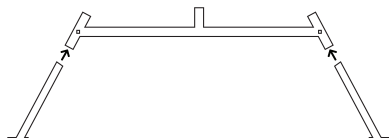

MOBILE SIGN WITH HEADER ASSEMBLY INSTRUCTIONS

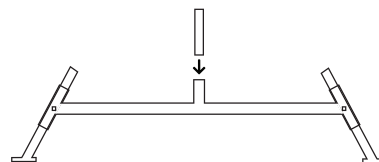

MADE IN CANADA

ASSEMBLY

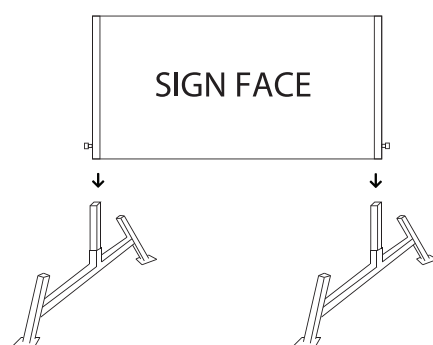

1. Insert legs into base and tighten bolts.

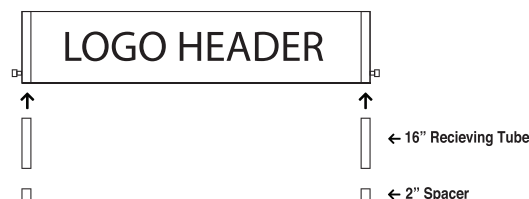

2. Insert 16" receiving tube into riser on sign base.

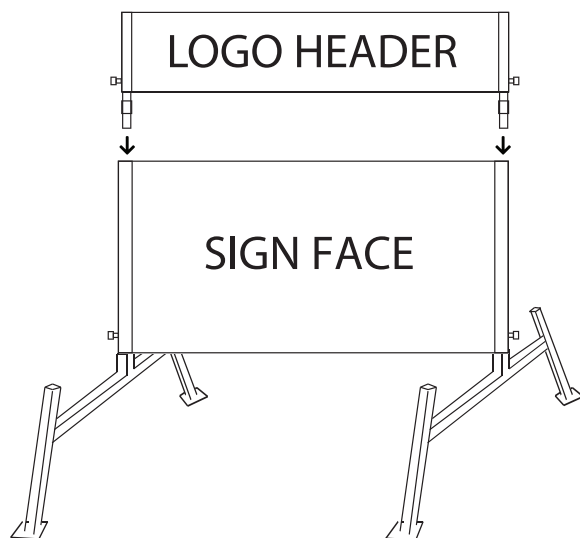

3. Place sign face on base and tighten moderately.

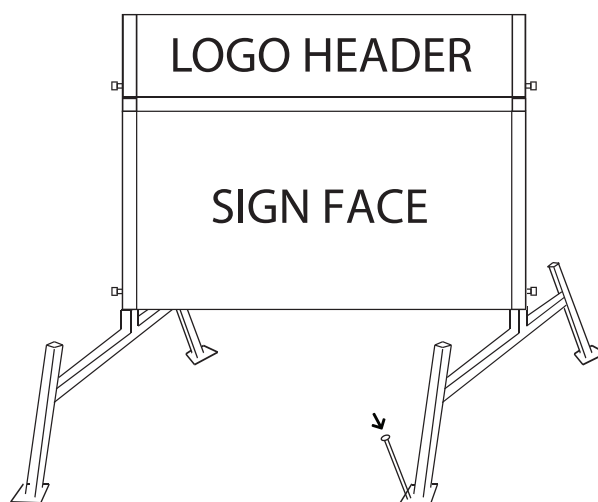

4. Insert receiving tube approximately 5" into sides of header and tighten bolts. Then slide 2" spacer over receiving tubes.

5. Insert header into sign frame (HEADER IS NOT FASTENED TO SIGN).

6. Adjust and level to desired height. Then anchor in place.
